

## APPENDIX

**Figure A – PQUAD Medication Adherence Question**

**Put a mark on the line below at the point that shows your best guess about how much of your prescribed HIV medication you have taken in your first 2 weeks of treatment.**

Example: 0% means you have taken no medication, 50% means you have taken half your medication, 100% means you have taken every single dose of your medication.

**Figure B – PEP-LA Medication Adherence Questions**
